

PLACE	DATE	EVENT
Central Flying School (Advanced)	October, 1952	
Wick Pattison	17.10.52	Squadron Leader D. J. H. STICKS led a team consisting of Flight Lieutenant W. J. STACY and Flight Lieutenant W. H. CANNON on a visit to No. 600 Squadron, (R. Aux. A.F.) THROUGHT. Tests were carried out on Meteor and Harvard aircraft.
	20.10.52	Squadron Leader H. E. WHITE, D.F.C., A.F.C., led a team from No. 1 Squadron, examining King on a visit to No. 6 F.T.S. TOWNHILL. The team consisted of Lieutenant E. G. BRIDGEMAN, R.N., Flight Lieutenant S. ALLEN, M.C., and Flight Lieutenant J. M. NICHOLSON. Tests were conducted on Harvard aircraft.
	21.10.52	Squadron Leader D. C. B. SIMONS led a team from No. 1 Squadron examining King on a visit to No. 226 F.O.M. SIMONSWALL. The team consisted of Flight Lieutenant J. G. STYER and Flight Lieutenant E. L. THOMPTON. Tests were conducted on Meteor aircraft.
	22.10.52	Flight Lieutenant M. J. L. SWINNEY, instructor, and Lieutenant D. GIBBS, R.N., simulated, started three mysterious, "under altered conditions" travelled at Mach speed at about 35,000' whilst on a high level navigation exercise, in a Meteor VII. Later, A.F.O.C. Gloucester reported radar plots to confirm this, but Air Ministry discounted any possibility of "extra terrestrial objects".
	27.10.52	The first of the Link Track Trainers to re-equip the Link School was installed. Squadron leader B. E. WHITE, D.F.C., A.F.C., led a team consisting of Flight Lieutenant L. J. COOP, Flight Lieutenant E. E. MURPHY, Lieutenant E. O. BRIDGEMAN, R.N., and Flight Lieutenant G. ALLEN, M.C.
