REMARKS:

On October 16, 1950, at approximately 2:55 P.M., Trooper Isabell stopped us at this Installation and showed us an object in the north that was traveling toward the northwest. It looked to be about 2,000 feet in the air and a white-silverish looking color, rotating in a counter clockwise manner. It was round in shape and going in a rather fast motion. This object was at a high altitude and seemed to come in sight and then disappear. It looked about the size of a ball and round at every angle we looked at it.

Incident Report No. 1424-50

Date 10-16-50

Time 1:30 p.m.

CLASSIFICATION	TROOPER	LOCATION
Flying Object	John L. Isabell	Blair Gate

PERSON INVOLVED	BADGE NO.
Trooper Lendelle Clark	212
Trooper Hand N. Briggs	156

REMARKS:

At approximately 1:30 P.M., October 16, 1950, while working at Blair Gate, I saw an object in the air over K-25 traveling in a northeast direction from the southwest. It was traveling in a straight line and going very fast. The object was white or silvery in color and round like a ball and was about the size of a baseball as seen at the distance it was from me. It seemed to be very high.

At exactly 2"55 P.M., October 16, 1950, this object reappeared from the northeast at a considerably lower altitude and traveling a lot slower than before. It stopped a car that was coming in the gate in order to have witnesses to what I saw. The occupants of the car were Troopers Lendelle Clark and Hank N. Briggs going in to work. I pointed out the object to Troopers Clark and Briggs and we watched the object for several minutes. This object was slowly circling in a wide circle and spinning very fast, that is, the object itself was spinning around and around. The object drifted toward the southwest and in just a few minutes it reappeared at a very high altitude going back into the northeast and going very fast. We watched the object disappear into the northeast.

This information was phoned in to Headquarters immediately by the undersigned. About fifteen minutes after the object disappeared into the northeast, an F-82 Fighter plane showed up in the area where the object was last seen but appeared to be thousands of feet lower than the object which Troopers Clark, Briggs, and the undersigned saw and reported.
